WILL ENFORCE REVOKE ORDER

MOTORISTS DIRECTORY FOR 1921 TO BE VALUABLE

The State Printing Department is now making preparation to print and distribute the 1921 Automobile Directory, which is to be issued in volumes of 100,000 names for the first three or four hundred thousand, after which smaller pamphlets will be issued about once a month.

State Printer J. A. Cremin says that under the present plan he will give a service never before approached in this work. This year a San Francisco publishing firm attempted to print the directory, but owing to insufficient equipment and lack of experience in handling this class of work, they were unable to get the book out until several months after the issuance of certificates, which lessens the value of the book, owing to the many transfers that are constantly being made. Cremin says that he will be able to have the books printed and distributed within 30 days after issuance of certificates, which will afford a very up-to-date directory.

The directory will contain a complete list of all automobile, truck and motorcycle registrations, names of dealers and records of transfer of ownership. In fact, a complete record of all motor vehicle registrations will be shown in the directory.

Not only the prompt service to be given by the State Printing department, but the price of the directory also will be of interest to those who desire copies, as the annual subscription is to be \$22.50, which is actual cost as estimated by the State Printer. This is less than half the price that would be charged if issued by a private firm.

Cremin says that he feels this is a service due the people of the State of California, and he is going to use every effort to make it the best to be had at the least possible cost. "This work will be a benefit to our plant," said Cremin, "by way of supplying employment to the extra help, which is required for legislative work through the month of February instead of forcing an undesired lay-off during the recess, as has been the custom."

W. K. Cole, well known bay district banker, has sold his interest in the Bank of Concord to B. H. Ensign, of the College National Bank of Berkeley.

NAVAL BASE SELECTION BE ANNOUNCED FEBRUARY 1

Now that the holidays are over, the congressional commission that was on this coast a short time ago investigating sites for a proposed naval base, will get down to work. The printed copies of the testimony given at the hearings held in San Francisco have been received at Washington, and they are receiving the attention of the officials.

There are but three sites before the commission, Point San Pablo, Lameda and San Francisco, and it is considered significant that after the commission had left it sent back or further data concerning the site at Richmond.

The commission will have a full month in which to deliberate on its decision, Congress having granted an extension of time until January 31, next. The Phelan resolution, under which the commission was appointed, provided that it should report by this year.

Borings have been completed at all the sites except Hunter's Point, and these are scheduled to end very shortly, it is understood. The logs of the borings will be then placed in the hands of the commission so that it may have full information on foundation conditions for drydocks and other structures.

Wife C. D. Horner Passes Away On Christmas Morn

One of the sad events of Christmas day was the death of Mrs. Betsy Margery Horner, wife of attorney Clare D. Horner. About ten days ago Mrs. Horner was taken ill with pneumonia, and was removed to the Cottage hospital, and a week ago gave birth to a baby son. It was seen that her condition was critical, and her father, Hubert Wright, of Bellevue, Ohio, was wired, and he arrived two days before the death of his daughter. Mrs. Horner was a native of Bellevue, Ohio, and had resided in this city for the past eight years. Besides her husband and three little children to mourn her loss she leaves a host of friends.

The remains were shipped to her home in the east Christmas evening, and was accompanied by the father and husband.

ESTIMATED COST OF THE BONUS BILL

WASHINGTON, Dec. 27.—Passage of the soldiers' bonus bill would cost the government approximately \$2,300,000,000, Secretary Houston estimated today before the Senate finance committee considering the soldiers' aid measure.

The treasury secretary declared enactment of the bill meant an added burden in the way of taxes, reiterating a statement made before the committee last week that the treasury ought not to be called upon to assume any additional burdens.

Assuming that all of the men would select one of the four optional plans, Houston estimated the cost of each of the plans as follows:

Adjusted service pay, \$1,242,000,000.
Insurance provision, \$4,534,000,000.
Vocational training aid, \$1,880,000,000.
Farm and home development, \$1,880,000,000.

As the plans were optional, the secretary said, the choice of the men would not be confined to any one of them, and, according to the various selections, he arrived at his total estimated cost of \$2,300,000,000.

The treasury secretary professed to be "against a wall" as to methods of obtaining revenue to meet the outlay that would be required if the bill were enacted.

WILL BE BUILDING BOOM IN 1921

With the price of building materials dropping, it is believed there will be a great building boom in Richmond in the year 1921. The demand for houses here is very great, and five hundred would be occupied the day they were completed.

Those in a position to know state it is doubted if the rent situation will ever get back to what used to be called normal, for before the war

the property owner was not getting a reasonable return on his investment. The rent schedules commenced to sag ten years ago, the reason at that time not being definable. Then came the cessation of building and the housing shortage. Now it appears building is to go on again, and these new buildings will have no effect on the rents that have been charged.

Pioneer of Cal. Passes Away in San Francisco

Richard Brinton Noble, civil engineer and miner, and father of R. D. Noble of the Richmond garage, this city, died in the Lane hospital, San Francisco, Christmas day. Mr. Noble was an old-time resident of California, having come to this state in 1857, with his father, who made the journey across the plains with an ox team. The first official map made for the government of Yosemite Valley was compiled by Mr. Noble. Deceased was 78 years of age, and is survived by his widow, Mrs. Della Noble; two sons, R. D. Noble of the Richmond Garage, and G. E. Noble of San Francisco, and two sisters, Mrs. Lorrinda Holland and Mrs. Percella Smith, both of San Francisco. The funeral will be held from the Wilson-Donnelly parlors this afternoon at 2:30 o'clock with Rev. Thomas A. Boyer in charge. The interment will be in Sunset View cemetery.

Anglo-French Alliance Now A Possibility

PARIS, Dec. 27.—An extensive program of international affairs, including the proposed alliance between Great Britain and France to take the place of the entente cordiale will be discussed when Premier Lloyd George of England and Premier Leygues of France meet at Nice at the beginning of the new year.

Count Sforza, the Italian foreign minister, will be present to consult the premiers on international matters in which Italy is interested. The proposed alliance has been discussed in London.

It is unofficially reported that negotiations had proceeded to the point where the treaty was tentatively formed.

Other matters which probably will be discussed at Nice are:

- 1—The allies' attitude toward Greece.
- 2—Possibility of revision of the Turkish treaty.
- 3—The new status of Balkan affairs since the return of Constantine to Athens.

WAREHOUSE PLANS WILL BE READY JANUARY 3

At the meeting of the city council last evening all members were present with the exception of councilman E. J. Garrard and J. G. Gerlach. This was the last meeting for some time at which Mayor J. N. Long will preside, as he leaves next week to attend the session of the legislature which convenes at Sacramento the first Monday in January.

Company to Fix Streets
Fire Chief Roy Lemoine, as a private citizen, protested at the condition that the street car company left streets in, after doing repair work.

City manager McVittie stated that he had received other complaints, and had already taken the matter up with the company, and its officials had promised to have a gang of men at work this morning on Twenty-third street, putting the avenue in proper condition.

Want Light in Station
On the request of Councilman M. H. Carey, a letter will be written to the San Francisco-Oakland Terminal railway, asking if it is not possible to have an electric light installed in the waiting station at the corner of Garrard and Standard avenues.

Acceptance Laid Over
The acceptance of Twenty-third street, contractor P. A. Mero, was laid over for one week until the city engineer could ascertain from the contractor what he intended to do with all the dirt that had been taken from the street and dumped on vacant lots along the thoroughfare.

Warehouse Plans Monday
Partially completed plans for the new municipal warehouse were presented by city engineer H. D. Chapman, but the council decided to wait or another week, until the plans are all completed before considering them.

Permission Given
Permission was received from the federal government for the city to pump out enough mud for a turning pace at the municipal wharf.

New Police Officer
On the recommendation of Chief of Police W. H. Woods, R. L. Cole was appointed as a member of the police department to fill the vacancy caused by the resignation of W. A. McCandless.

30 Days Extension
Fred Meyers was given a thirty-day extension in which to complete his contract for the improvement of Wall street.

Ferry Situation To Be Discussed By City Attorneys

Mayor James Rolph, Jr., has asked City Attorney George Lull to call a conference of the city attorneys of the bay cities to consider the legal points involved in the ferryman's wage controversy.

Lull was given a transcript of the discussion held in the mayor's office a week ago and asked for a legal opinion on the question of jurisdiction that has become a moot point between the ferry workers and the companies. Following the conference of the city attorneys, the next step will be carefully chosen by the mayor.

ADMISSION TO REGULATE LICENSE OF CIRCUS

According to the terms of the general license ordinance as given its second reading at the meeting of the council last evening, in the future the license for circuses will be one hundred times a complete admission. A complete admission means a general admission ticket, a reserved ticket, and a ticket for a side show. In other words, if a combined ticket costs \$1.50, the license for the circus for each day would be \$150.

The section relating to peddlers selling farm produce was amended so that when produce is sold weighing more than five pounds, the weight must be plainly marked on the container. This is done in order to prevent peddlers from going about the city and selling short weight.

Another change was that section relating to the keeping of chickens in proper bounds. In the future those who allow chickens to roam about and bother their neighbor's gardens will be subject to arrest, and on conviction a fine not to exceed \$500 or six months in the county jail.

GASOLINE EXPLODED AND CREW JUMP TO SAFETY

An explosion of gasoline yesterday on board the freight carrier Annie, owned by the San Rafael and San Francisco Transportation company, and operating between San Francisco and San Rafael, nearly proved fatal to the crew, who ran the ferry boat into the mudbank of San Rafael creek and then leaped overboard. The boat was in the mouth of the creek when the fire broke out. The cause of the explosion is not known.

The tractorians will give a dance in the W. O. W. hall Thursday evening, December 30th. Shaw's orchestra will furnish the music for the occasion.

COUNCIL REFUSES REQUEST OF I. C. C.

The council at its meeting last evening threw down the gauntlet to the request of the Interstate Commerce Commission that it withhold action about the removal of the Santa Fe spur track, and just what will happen in the matter in the near future is not known.

It was the opinion of the members of the council that no emergency existed that required an extension of the time limit on the revoke order. When the matter came up in open meeting of the council there was no discussion.

First the telegram received from Edgar E. Clark, chairman of the Interstate Commerce Commission, was read, as follows:

"Interstate Commerce Commission has instructed investigation as to emergency aspect of proposals to discontinue use of the Southern Pacific Oakland mole by Santa Fe trains. California Commission for us, and on our request, will hold hearing at San Francisco December 28th. We are advised that City of Richmond has given notice of revocation of license of Santa Fe to use street for connecting track and will remove track January 3rd. Southern Pacific and Santa Fe have agreed to continue existing service until our investigation is completed.

"Can you consistently arrange for city to withhold contemplated action pending that investigation and to make such representation as you desire at our hearing before California commission at San Francisco, December 28th."

"EDGAR E. CLARK,
Chairman."

City Denies Request
After the reading of the above telegram, and without any discussion, the following reply was read, and on motion of councilman J. N. Hartnett it was ordered that Mayor Long sign

THINKOGRAPHS by F. J. HULANISKI

A JAUNDICE-EYED LIBEL

The head editorial writer for the Hearst publications flooded millions of homes with an editorial in their Christmas day issues which deserves denial and rebuke. It was a misstatement of real truths and the very essence of pessimism, something which should have no place on such a happy, glorious day. In order to reply to them, the following extracts are made:

"The babe that was born of Mary opened His eyes upon a world that was full of violence; upon a civilization that was founded upon slavery and maintained by craft and force. Everywhere under the sun was to be seen the same spectacle of the rich and powerful few maintaining dominion over the laboring many by the processes of harsh laws, the compliance of corrupt courts and the ready swords of the soldiery. Into such a world Jesus was born, in such a world He lived, in such a world He was put to death. And if, instead of rising from His grave on the third day, He had chosen to sleep in the sepulchre nineteen centuries, and to come forth from that sepulchre upon this day, He would see a world exactly like that upon which He closed His eyes as He hung upon the cruel Cross. The same din of war would sound in His ears; the same callous rulers and politicians, driving the multitudes to the slaughter-pens would greet His eyes; the same exploitation of the weak and poor by the rich and mighty would offend His spirit; the same scenes of violence, wickedness, woe and misery would sadden His gentle and compassionate heart. He would find the men who were the chief practitioners of treachery, violence, starvation and butchery sitting in the seats of the mighty, clothed in the purple and fine linen of authority, faring sumptuously, and receiving the plaudits of the men of letters and of the men of religion, while far beneath their exalted seats the multitudes toiled and endured their lives of meagerness and dull submission. He would find the chief butchers of mankind in palaces. And He would find Eugene Debs in prison. He would find rulers and statesmen calling themselves His followers plotting fresh wars upon the weak, fresh spoliations of the helpless. He would find clergymen calling themselves His ministers, inculcating deadly hatred between the peoples, clamoring for the infliction of more woes upon the vanquished, exulting in the misery of innocent and agonized women and children, and insulting God by invoking His approval of their furious and horrid exhortations to starve and kill and destroy."

The worst lie that can be told is a half-truth, and that is what the above is. Of all the slurs trails of pessimism we ever ran across this is the worse. The jaundiced eyes of the man who penned it are bleared with a yellow biliousness, his nature soured and his carol turned to a hymn of hate. We realize that Hearst would release Debs from prison and incarcerate instead all who do not think along the warped and twisted Hearst-Debs line, but we did not know that there was a writer of ability in the country that would, or could, get out a hammer and knock the whole world and everybody in it, including the clergy, on a day like Christmas.

All that is said is true, of a certain few—a miserable minority which in comparison to the great whole is infinitesimal—which is where the half-truth comes in, but it is a lie and a libel upon the great mass of the American people, or any

other civilized people.

We could offer whole pages, nay, volumes, of positive proof to the contrary of all that rank pessimism, did space permit, but it is not necessary, as every thinking man and woman knows. The crimes he alludes to are committed, yes; but where one commits such crimes ten thousand commit no crimes at all, and live lives the exact opposite of all that. When a wrong is committed by one or more it is heralded and emblazoned broadcast all over the world by the public press and the telegraph, so it becomes known, but nothing is done to call attention to the millions upon millions of good men and women the world over who are law-abiding, God-fearing, liberty-loving, just, fair, honest, honorable human beings, living sanely and sensibly, doing unto others as they would be done by, giving of their store to those who are needy or afflicted, and doing as best they know how just what God would have them do. On the day that miserable libel was written millions of good, generous, open-hearted people all over the land were giving millions of dollars for the alleviation of distress wherever it could be found, and more millions were and are yet pouring into the great fund, voluntarily, to save the lives of foreign children. And where are the clergymen who "are exulting in the misery of innocents and agonized women and children and insulting God by invoking His approval of their furious and horrid exhortations to starve and kill and destroy?"

No such ministers of the ever-living gospel exist, ever did exist or ever will, and therefore, Mr. Hearst Editor, we say to you that you are either a disease-ridden hypochondriac or the prize liar of the day and age, and you can take it either way you wish.

Full many a song have poets sung
 Of aching head and furry tongue,
 But it's hardly worth one's while to say
 They seldom sing when they feel that way.

It is the wise Congressman or Senator who will now bear in mind that from now on the women are going to vote against all such as they who favor war, militarism or booze.

Joshua Skyes, run out of Berkeley and now in hot water at Denver for the promulgation of a so-called religious creed which includes free love, is only another evidence of his kind. All such mutts go strong on free love. That is what got old Joe Smith in wrong at Nauvoo, Illinois, years ago, when he found those tablets of gold, and it upset Dowie's apple wagon at Chicago.

A California Hindu's wife gave birth to four babies at once, the other day. Many who cannot get in any other way manage to be born here.

A dog license at Chicago costs \$3, while a marriage license is half that, and the county clerk wants them equalized. Sounds reasonable. Getting a wife ought to be as important as getting a dog.

Inasmuch as this country has more of them than any other nation, it is about time that word "chauffeur" was being Americanized, by being spelled shofar.

A row of passengers in the wash-room of a Pullman rounded a curve suddenly and washed each other's faces because their hands slipped off of their own.

As a gift of the National Women's Party a memorial statue to the three suffrage pioneers, Lucretia Mott, Elizabeth Cady Stanton and Susan B. Anthony, will be placed in the Capitol at Washington on Feb. 15. The statue was photographed in one of the early stages of development from a block of marble in the studio of Adelaide Johnson in Carrara, Italy. This will be the first national memorial erected by women for their work for their sex.

S. O. TO ERECT SANITARIUM COLFAX

The Standard Oil Company of California will soon begin the erection of a sanitarium near Colfax, according to a report given out by Dr. Robert S. Peers, tuberculosis specialist. Sixty acres of land near the city of Colfax has been purchased by Dr. Peers for the Standard Oil company for this purpose, and plans for the building, which will accommodate 25 patients, are now being prepared. The work of laying the foundation for the building will begin very soon. The hospital will be operated by the Rockefeller Foundation, and will be used exclusively for employees of the Standard Oil Company.

'Excuse My Dust' Big Comedy Drama By Wallace Reid

Wally Reid in what is declared by critics to be his greatest comedy drama, "Excuse My Dust," will be the feature offering at the Richmond T. & D. Theatre this afternoon and evening. The drama is from the famous Saturday Evening Post story, "The Bear Trap," and is featured by pictures of an exciting race from Los Angeles to San Francisco in which Reid has all kinds of adventures and mishaps. While there is a serious vein running through the story, there are plenty of comedy situations for such a polished funster as Reid is.

In addition to this charming offering there will be a Peerless comedy and an Educational scenic film.

This is \$668,537 less than the reproductions cost estimates previously submitted by the Union Company's own engineers.
 The matter has been before the commission for several months. Both companies were anxious to close the deal, which is expected to result in economy in operation for the East Bay Company.

President Edgerton, who wrote the opinion, sets forth that public interest will be served by elimination of duplications of equipment and distributions and that as conditions are now, neither company can proceed with extensions without more of this duality.

Alarming Reports Are Received About d'Annunzio

These Charts Show Why Your Electric Light Bills Are Higher Now Than In Summer

Study the above charts. The one at the left shows the relative number of hours of daylight and darkness and the hours of use of Electric Light in each day during the Spring and Summer.

The chart at the right shows the same comparison between darkness, daylight and hours of use of Electric Light, but for the Fall and Winter months.

You will notice that there is two-thirds more darkness in each day during the Fall and Winter than in the Spring and Summer, and, that on account of it, it is necessary to use your Electric Light nearly three times as much every twenty-four hours as in the Spring and Summer.

It is only natural, therefore, that with this increased consumption of Electricity for lighting, your Electric Light bills will be somewhat higher.

E. B. W. Company Given Permission To 'Swallow' Union

Authority to make a transfer of the physical properties and business of the Union Water Company of California to the East Bay Water Company, each serving Alameda county and part of Contra Costa, and to some extent conflicting was given yesterday by the State Railroad Commission.

In the same order the valuation of the Union properties, those that are to be sold, was fixed at \$1,100,000.

LABOR WILL FIGHT AMERICAN PLAN

Organized labor in Alameda county is marshalling its forces with the object of combating the so-called "American plan" or open shop movement among the employers.

With this object in view, special committees appointed by the Central Labor Council and the Building Trades Council presented resolutions to their respective bodies favoring the affiliation of all unions with the Central Labor Council. The resolution also contained a provision requesting the secretary to communicate with Secretary Morrison of the American Federation of Labor asking him to notify the international unions to have their local organizations affiliate with the Central Labor Council.

The resolution was adopted by the

Central Labor Council and it is expected similar action will be taken by the Building Trades Council.

Labor leaders declare that 1665 chambers of commerce in the United States have voted in favor of the open shop on a ballot taken by the United States Chamber of Commerce, Washington, D. C. The Associated Employers, it is said, have called a convention to be held in Indianapolis in the near future to organize the open shop movement. An official letter issued by this organization is said to advise the use of the term "American plan" in preference to the term "open shop," but the letter assumes that no employer will hire a majority of union men so that a strike might be possible.

Thieves Attempt To Rob Poor Box St. Mark's Church

St. Mark's church was visited by thieves Christmas eve and the contents of the poor boxes stolen. The thieves also tried to open the steel compartment on the altar which contains the gold chalice and other valuables, but were unsuccessful. It is the belief of Rev. Griffin that the thieves expected to find a large sum of money in the poor boxes at this time. There is said to be honor among thieves, but the kind of thief who will rob the poor must be in a class by himself. No clue has been found to trace the robbers.

FINAL GRANTED

A final decree of divorce has been granted by Judge R. H. Latimer to M. J. Maderos from Frances Byrd Maderos.

PROBATION GRANTED

Harry C. Rowley of Crockett returned recently from Los Angeles by Sheriff R. R. Veale to face a charge of failure to provide for his four minor children was placed on two

years' probation by Superior Judge A. B. McKenzie on condition that he provide for the children. Rowley was arrested on complaint of his wife.

PETITION IS FILED

A petition for the probate of the will of the late James W. Hare of Concord, who passed away recently, has been filed in the Probate Court by Alice Iola Hare, widow of the deceased. According to the petition the estate is valued at \$10,000, and the will directs that the bulk of the estate shall go to the widow.

ASKS GUARDIANSHIP PAPERS
Otto A. Paulsen has filed a petition in the Superior Court asking that he be named legal guardian of his four minor children. The children's mother is dead. H. J. Wildgrube is attorney for petitioner.

COUNCIL REFUSES

REQUEST OF L. C. C.
Continued from Page 1
It, as the expression of the council, and wire it to Washington. The reply message reads as follows:
"Richmond, Calif.,
December 27, 1920.

"Edgar E. Clark,
"Chairman Interstate Com. Com.
"Washington, D. C.

"Replying to your wire, in our judgment no emergency exists requiring Santa Fe to continue use of Oakland terminal; on the contrary, emergency exists by reason of congestion at Oakland mole, and as matter of public service Santa Fe should resume its Richmond terminal without delay. Santa Fe has practically completed arrangements to resume at Richmond and can do so at small expense and no inconvenience. Since expiration of Federal control Santa Fe has maintained terminal in violation of transportation act, no authority having been given it to remove from Richmond to Oakland. With full knowledge of conditions, we see no reason why Richmond should withhold action requiring Santa Fe to discontinue use of streets for connecting tracks after January 3. People of Richmond greatly inconvenienced by lack of direct ferry communication with San Francisco. Recent loss of terminal detrimental to commercial and industrial interests of our city.

"J. N. LONG, Mayor."
Hearing Today

Before the railroad commission in San Francisco this morning the taking of testimony will be resumed by the California body, acting not in its own capacity, but for the federal board. The decision of Superior Judge Murasky practically held that the railroad commission was without power in the matter.

Whether or not the action of the council in refusing the request of the L. C. C. will cause a continuance being taken in San Francisco today, is not known.

The general expressions of the citizens of Richmond are in harmony with the action that was taken by the council at its meeting last evening. As the Santa Fe has a station at Fortieth and San Pablo, Oakland, there seems to be no good reason why the road should not return to Richmond and resume the use of its terminal facilities.

Regents of U. C. Ask 17 Million For Operating

In an estimate submitted to the State budget committee at Sacramento, the board of regents of the University of California have asked for an appropriation of \$17,000,000 for the next two years.

The board further recommends that the cost of maintenance of all departments of the university be embodied in a general university fund, amounting to a minimum of \$4,438,211 annually, or \$8,876,423 for the

When General Robert Nivelles, French war hero, was in Philadelphia, he visited the French Protestant church. It was there that he was charmed by the voice of Georges Garter ten years old, who is blind. The lad sang a French soldiers' marching song and as he finished the General pressed into his hand his wrist watch, engraved with his own initials, saying, "Even though you cannot see it, take it to remember me by."

**Arson Ring said
Be Responsible
For Penn. Blaze**

UNIONTOWN, Pa., Dec. 27.—Visions that the Fayette county arson ring had invaded Uniontown came to residents and the authorities early today when fire broke out in a business building here and destroyed it with a loss of approximately \$150,000. William Pantalos, owner of a store in the building, was arrested by a deputy fire marshal soon after the fire started, but he was released for a hearing later in the day.

Albert Smith, the youth arrested by the state police in connection with the fires in the vicinity of Fayette City, was under observation as to his sanity in the county jail here today.

Residents of Jefferson, Washington and Perry townships, the scene of many fires, at a meeting last night urged the state and county authorities to "ferret out the fire rat," adding that "our own measures will be applied unless something is done."

Erickson's Death Believed Be Due To Accident

Emil Erickson was found dead on Sunday morning in his room in the Helvetia Hotel asphyxiated by escaping gas from a gas plate. Mrs. Chancelot, proprietor of the hotel, detected the strong smell of escaping gas and traced it to the room of Erickson. She forced the door and found Erickson lying on the bed dead and fully dressed. Deputy Coroner Fred Maas believes that death was accidental, that Erickson had attempted to light the gas and was overcome by the fumes. There is nothing whatever to support a suspicion for suicide on the part of the deceased.

Deceased has lived in Richmond about eight years, and at the time of his death was employed by the Tilden Lumber company. He leaves two sisters, one residing in Lake County and one in Sweden.

CHRISTMAS MAIL LARGEST IN HISTORY

The Christmas mail handled by the Richmond post office during Christmas week was the largest on record, and exceeded any previous year by at least 20 per cent. The regular force employed in the local office were relieved somewhat by additional help in handling the great volume of business which was attended with remarkable dispatch and good service to the public considering the inadequate accommodation

under which a large amount of rush work such as Christmas time brings to be handled. With more up-to-date facilities and larger accommodations with a larger office force added to the Richmond post office when it receives its commission as a first class office from the Post Office department, will mean a great deal to Richmond in the form of service and greatly increased business for the post office.

ductress, Anna McLaughlin; Associate Conductress, Mrs. J. T. Nartlett; Secretary, Mrs. Hale; Treasurer, Mrs. J. T. Nartlett; Chairman, Board of Trustees, Mrs. H. J. Bennett. There was a very good attendance, and after the business of the evening was concluded, every one present joined in a social good time.

The Home-Staying Dollar

Is the dollar that counts in the long run. It's the dollar that eventually "comes back." If Jones buys a suit of clothes from Smith and Smith buys a pair of shoes from Jones the dollars involved in the transaction stay in Richmond and both Jones and Smith make a profit.

If, however, Jones buys his suit in some other town and Smith goes elsewhere to buy his shoes, both Jones and Smith lose a profit and the money each spends may never come back to Richmond.

Too many Richmond people buy suits and shoes—and many other necessities—in other cities. Richmond is a prosperous community to be sure, but not nearly so prosperous as it would be if we all remembered that the home-staying dollar.

THROAT TROUBLE CURED

Oakland, Nov. 1, 1920. To whom it May Concern:

I suffered from throat trouble for 15 years, during which time I could neither eat nor swallow without pain. I became very weak and was unable to work for months. I had numerous doctors and then tried a Throat specialist, who told me that my trouble was due to the blood. He advised me to take blood medicine. Thereupon my brother, who had been cured of Stomach Trouble by the FONG WAN HERBS, urged me to try them. After drinking the herbs for 15 weeks, I felt entirely well. I have since gained 26 pounds. It is 10 months since I took the herbs, and I am now giving this testimonial to let the public know that any sufferer should try the FONG WAN HERBS. I am a watchman for the California Food Specialties Co.

BAD BREATH

Dr. Edwards' Olive Tablets Get at the Cause and Remove It

Dr. Edwards' Olive Tablets, the substitute for calomel, act gently on the bowels and positively do the work. People afflicted with bad breath find quick relief through Dr. Edwards' Olive Tablets. The pleasant, sugar-coated tablets are taken for bad breath by all who know them.

Dr. Edwards' Olive Tablets act gently but firmly on the bowels and liver, stimulating them to natural action, clearing the blood and gently purifying the entire system. They do that which dangerous calomel does without any of the bad after effects.

All the benefits of nasty, sickening, griping cathartics are derived from Dr. Edwards' Olive Tablets without griping, pain or any disagreeable effects.

Dr. F. M. Edwards discovered the formula after seventeen years of practice among patients afflicted with bowel and liver complaint, with the attendant bad breath.

Olive Tablets are purely a vegetable compound mixed with olive oil, which will know them by their olive color. Take one or two every night for a week and note the effect. 15c and 30c.

IF WOMEN ONLY KNEW

What a Heap of Happiness It Would Bring to Richmond Homes

Hard to do housework with an aching back. Brings you hours of misery at leisure or at work.

If women only knew the cause—that Backache pains often come from weak kidneys.

'Twould save much needless woe. Doan's Kidney Pills are for weak kidneys. Ask your neighbor! Read what a Richmond citizen says:

Mrs. E. P. Howard, 575-N. 9th St., says: "I keep Doan's Kidney Pills on hand, and I know the value of them. I have used them when my kidneys were weak and when I felt dull and languid and had frequent headaches. My back ached, too, and my kidneys didn't act right. I read of Doan's Kidney Pills and procured some at LaMoine's Drug Store. They were just what I needed. They soon rid me of that tired feeling and strengthened my back and kidneys."

Price 60 cents at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Howard had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.—Adv.

IF BACK HURTS USE SALTS FOR KIDNEYS

Eat Less Meat if Kidneys feel like lead or Bladder bothers you—Meat forms Uric Acid

Most folks forget that the kidneys, like the bowels, get sluggish and clogged and need a flushing occasionally, else we have headache and dull misery in the kidney region, severe headaches, rheumatic twinges, torpid liver, acid stomach, sleeplessness and all sorts of bladder disorders.

You simply must keep your kidneys active and clean, and the moment you feel an ache or pain in the kidney region, get about four ounces of Jad Salts from any good drug store here, take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice combined with lithia and is harmless to flush clogged kidneys and stimulate them to normal activity. It also neutralizes the acids in the urine so it no longer irritates, thus ending bladder disorders.

Jad Salts is harmless, inexpensive, makes a delightful effervescent lithia-water drink which everybody should take now and then to keep their kidneys clean, thus avoiding serious complications.

A well known local druggist says he sells lots of Jad Salts to folks who believe in overcoming kidney trouble while it is only trouble.—Adv.

OUCH! MY BACK! RUB LUMBAGO PAIN AWAY

Rub Backache away with small trial bottle of old St. Jacob's Oil.

When your back is sore and lame or lumbago, sciatica or rheumatism has you stiffened up, don't suffer! Get a small trial bottle of old, honest "St. Jacob's Oil" at any drug store, pour a little in your hand and rub it right on your aching back, and by the time you count fifty, the soreness and lameness is gone.

Don't stay crippled! This soothing, penetrating oil needs to be used only once. It takes the pain right out and ends the misery. It is magical, yet absolutely harmless and doesn't burn the skin.

Nothing else stops lumbago, sciatica, backache or rheumatism so promptly. It never disappoints.—Adv.

SUGAR INDUSTRY ENDANGERED BY SPREAD CURLY TOP DISEASE

The sugar beet industry in the state, the factory investment of which probably represents a capital of about \$25,000,000, is threatened by total destruction, if means are not found to control the curly top disease and render production more secure.

This is declared in the annual report of the Director of Agricultural Experiment Station of the State University.

"The study of the cause of curly top and the spread by the leaf-hopper should be continued and extended. Studies should also be made on the beet army worm, the wire worm and the two nematode worms that bore beet," it is stated.

Carlo Bianco, 31, and Rosa Colzani, 20, both of Richmond, were issued a marriage license in Oakland Friday.

Herbert Sanborn of Bakersfield spent Christmas with his parents, Mr. and Mrs. H. T. Sanborn, 129 Thirtieth street.

Miss Corn and Ethel Freeman left yesterday for Los Angeles, where they will visit friends and relatives until after New Year's.

Miss Miriam Kennedy returned from San Jose yesterday, where she visited over Christmas with her brother, James Kennedy.

Two more mild cases of smallpox and two cases of scarlet fever were reported to the health office for quarantine yesterday.

After the show drop in at the De Luxe, 1100 Macdonald avenue for a delicious milk shake, dish of National ice cream of high grade candies.

The ladies of St. Mark's Church will hold their weekly whist party meeting in the assembly hall of the church tomorrow, Wednesday afternoon, at 2 o'clock.

A partnership consisting of Mrs. E. E. Adams, W. L. Larrabee and E. L. Hudson, will enter the transfer business in the near future. A new equipment is about ready.

The Delphian Club will meet in the Richmond clubhouse this afternoon at 2:15. Miss Throop will address.

COMB SAGE TEA IN FADED OR GRAY HAIR

Look young! Nobody can tell if you use Grandmother's simple recipe of Sage Tea and Sulphur.

Grandmother kept her hair beautifully darkened, glossy and attractive with a brew of Sage Tea and Sulphur. Whenever her hair took on that dull, faded or streaked appearance, this simple mixture was applied with wonderful effect. By asking at any drug store for "Wyeth's Sage and Sulphur Compound," you will get a large bottle of this old time recipe, improved by the addition of other ingredients, all ready to use, at very little cost. This simple mixture can be depended upon to restore natural color and beauty to the hair.

A well known town druggist says everybody uses Wyeth's Sage and Sulphur Compound now because it darkens so naturally and evenly that nobody can tell it has been applied. It's so easy to use, too. You simply dampen a comb or soft brush and draw it through your hair, taking one small strand at a time. By morning the gray hair disappears. After another application or two it is restored to its natural color, and looks glossy, soft and beautiful.—Adv.

Miss Virginia M. Murray, Detroit has chosen Miss Virginia Mae Murray, secretary of the Travelers Aid Society of New York City, to organize and train a force of policemen. Her work will be along the lines of the Travelers Aid Society. Miss Murray will continue with the society, giving three weeks of her time each month to her task in Detroit.
